## Adams–Columbia Electric Cooperative Edition

### Do you know these members and former members?

This month we will devote the center section pages to list names of current and former members who have unclaimed or uncashed capital credit checks on file with Adams–Columbia Electric Cooperative. We ask for your help to locate these people. In many cases, the members may have moved off our lines and simply not informed us of their new address.

Please look over the list to see if you know any of these members and former members. If you do find a name familiar to you, please ask either the individual member or the estate executor to contact us personally. In order for a check to be reissued, we will need to know when and where the individual received electric service from our cooperative (street or road

name, fire number, previous mailing address, etc.).

When writing to us, please be sure to also include the member's current address and a telephone number where they may be reached. We do follow up on every correspondence; however, our list includes more than 2,600 names, so it may take us some time. Please be patient during this process.

We ask that you please mail any information you may have to the address below. For fastest routing, please label the envelope: "Capital Credits."

# We'll need your help!

*Interactive Voice Response System to improve outage reporting.*

Later this year, Adams-Columbia Electric Cooperative expects to go live with a state-of-the-art Interactive Voice Response system (IVR). Here's how it will work: during nonemergency periods, co-op employees will continue to answer incoming telephone calls. However, during power interruptions and other emergencies, members will be able to quickly provide important outage information to the IVR from a touch-tone telephone. Best of all, members will be able to communicate with their cooperative without waiting on hold and without hearing an annoying busy signal. Members will al-

ways be able to hold for a dispatcher, if they wish.

However, in order to work efficiently, the IVR will require a current telephone number for the property where electrical service is received.

Other information, including e-mail addresses and cellular telephone numbers, will be helpful, too.

We will need your help, but please be patient. ACEC's new IVR will not be in place until late summer. Not until the new system is installed and properly tested will we be ready to upload our members' account data. We appreciate your patience and ask you to look for instructions on how best to provide information to us in the next few months.

## The CO-OP POWER PLUS™ VISA® REBATE CARD

### A three-way savings program just for members of Adams-Columbia Electric Cooperative

#### Save 3%

Pay your ACEC utility bill by card every month and earn 3% rebates. Now you can save on your energy bills without changing the way you live. Simply arrange to have your ACEC electric bill automatically charged to your Co-op Power PLUS™ Platinum Visa® Rebate Card, and 3% of the transaction will be entered into a rebate pool. When you reach \$50 in rebates, you'll automatically receive a check for \$50 on your credit card billing statement!<sup>1</sup>

#### Save 2%

Make purchases or one-time power payments at ACEC and earn 2% rebates. You don't have to have your energy bill automatically charged directly to your card to save. If you choose to call or visit ACEC and charge your bill to your Co-op Power PLUS™ Platinum Visa® Rebate Card, you'll

earn a 2% rebate. What's more, make any other purchase at ACEC, and 2% of your transaction will go into the rebate pool as well.

#### Save 1%

All other purchases you make earn 1% rebates. Whether it's groceries for the family, or a vacation for two, use your Co-op Power PLUS™ Visa® Rebate Card, and 1% of every purchase will go toward the rebate pool. Before you know it, you'll be receiving a rebate check!

- No annual fees
- Consolidate your bills and save
- A credit line up to \$100,000<sup>2</sup>
- Free year-end summary of charges

<sup>1</sup>Earn up to a maximum of \$100 in rebates a year.

<sup>2</sup>In certain instances you may receive a Classic card with a credit line up to \$5,000.

*Call or visit your nearest ACEC Service Center for more information or to apply for your CO-OP POWER PLUS™ VISA® REBATE CARD.*

# Operation Round Up<sup>®</sup> continues to grow

As of March 31, 2001, Adams-Columbia Electric Cooperative's Operation Round Up<sup>®</sup> program has registered 6,241 participating members. To date, the Trust Fund has contributed \$51,649.17 to area individuals and organizations.

To the Adams-Columbia members who are already part of Operation Round Up, we thank you for participating in the program. Your small

monthly contributions are making a big difference. Adams-Columbia members not already enrolled in Operation Round Up can join the voluntary program by marking the box on their light bill, or by calling their nearest cooperative service center.

Adams-Columbia Community Fund, Inc., is located at 401 East Lake Street, Friendship, Wisconsin. The fund was established to allow members of Adams-Columbia Electric Cooperative to support local charities, individuals, and families in their community. A financial statement of its assets, liabilities, fund balances, revenue and expenses for last year is available upon request.
