

Do You Know These Members and Former Members?

This month we will devote the local pages to list names of current and former members who have unclaimed or uncashed capital credit checks on file with Adams-Columbia Electric Cooperative. We ask for your help to locate these people. In many cases the member may have moved off our lines and simply not informed us of their new address.

Please look over the list to see if you know any of these members and former members. If you do find a name familiar to you, please ask either the individual member or the estate executor to contact us personally. In order for a check to be reissued, we will need to know when and where the individual received electric service from our cooperative (street or road name, fire number,

previous mailing address, etc.).

When writing to us, please be sure to also include the member's current address and a telephone number where they may be reached. We do follow up on every correspondence; however, our list includes more than 1,500 names so it may take us some time. Please be patient during this process.

We ask that you please mail information to the address below. For fastest routing, please label the envelope: "Capital Credits."

Touchstone Energy Waterfest 2002: ARE YOU UP FOR A CHALLENGE?

If you were one of the thousands of people who attended “Waterfest 2001,” you witnessed a beautiful sight. The annual event, held on Castle Rock Lake, features a Venetian Lights Boat Parade and fireworks. This year a friendly challenge has been extended to businesses, residents, and visitors of Adams and Juneau counties. It requires your participation in the boat parade and it could reap rewards for your community.

The third annual Touchstone Energy Waterfest will be held on Saturday, August 3, 2002 (rain date August 4). This year it will be even easier for boaters to participate. For your convenience, there will be two, simultaneous lighted boat parades on each side of the lake, both ending with grand-finale fireworks. The twin parades will make the trip shorter and more enjoyable for the participants.

The “Juneau Journey” parade will begin at Buckhorn Bridge with fireworks heralding the ending of the voyage. The “Adams Adventure” boat parade will begin at dusk at Carlson’s Rustic Ridge and end with fireworks at Splash Waterfront Bar and Grill. When registering for Waterfest, boaters simply choose their cruise.

Here is where the friendly challenge comes in. “Which county (Adams or Juneau) will have the largest number of entries for their boat parade?” The cruise with the most boats will be awarded an additional \$500 in fireworks for their side of the lake next year!

Parade participants will decorate their boats with Christmas lights, Venetian lights, and other items. Entries will be judged in two categories, commercial and residential, with first, second, and third places awarded. A generator is recommended to light your boat. If you do not have one, call one of the numbers listed below for more information or other options.

How can you participate in the boat parade? Registration forms are located at various area businesses or by calling the Adams County Chamber of Commerce at (608) 339-6997 or Juneau County Economic Development Corporation at (608) 562-5850. All registrants will be entered into a drawing for a fall weekend getaway package, which includes accommodations for two, dining, golfing, and more! In addition, those who register by July 4 will receive two FREE Waterfest Cool Weave T-shirts.

Spectators who wish to view the boats from the land can see them at various establishments along the Castle Rock lake shore, including the Dirty Turtle, Pine Cove, Port O’Call, Shipwreck Bay, Castle Rock County Parks (in Adams and Juneau counties), Snug Harbor, Carlson’s Rustic Ridge, and Splash. Don’t forget to bring blankets, lawn chairs, and flashlights.

Whether you enjoy boating on the lake, viewing the sites from the shore, or exploring further inland, don’t miss “Touchstone Energy Waterfest 2002.”

Touchstone Energy Waterfest is a joint tourism event between Adams and Juneau counties. The event celebrates the counties’ shared natural resources...the lakes, rivers, and waterways. Recognizing the importance of tourism as a mainstay for our local economy, Adams–Columbia Electric Cooperative is proud to partner with Oakdale Electric Cooperative to bring this event to all our members and visitors to enjoy! Additional funding is provided by local businesses in appreciation and support of tourism in our combined communities. ■

Co-sponsored by:
Adams–Columbia Electric Cooperative
Oakdale Electric Cooperative
