**ADAMS-COLUMBIA ELECTRIC COOPERATIVE
APPLICATION FOR SERVICE**

Page 2 of 2

(Hereinafter called the “*Applicant*”) hereby applies for membership* in and agrees to purchase electric energy from Adams-Columbia Electric Cooperative (hereinafter called the “*Cooperative*”), upon the following terms and conditions:

1. The Applicant will pay a membership in the amount of \$5.00. Each Applicant is allowed one membership only.
2. This application constitutes a contractual agreement. The Applicant will comply with and be bound by the provisions of the Articles of Incorporation and Bylaws of the Cooperative, such rules, regulations, and polices as may from time to time be adopted by the Board of Directors or management of the cooperative.
3. The Applicant will purchase from the Cooperative all electric energy purchased for use on the premises described on application except for that generated by Applicant’s own equipment, and will pay, therefore, monthly or as otherwise scheduled rates to be determined from time to time in accordance with the policies of the Cooperative.
4. The Applicant hereby consents to the entry upon the Applicant’s land by the Cooperative to construct, reconstruct, re-phase, operate, repair, maintain, relocate or replace thereon or under the surface thereof all appropriate poles, cable, wire, or other attachments, equipment, accessories, or appurtenances necessary or appropriate for the distribution of electric energy to the Applicant’s premises and other future members, without charge, under reasonable terms and conditions determined by the Cooperative. This paragraph grants an easement to the Cooperative to install and maintain such facilities. **All lines, meters, and property entrances must be accessible to the Cooperative.**
5. For new services requiring a work order, upon the Cooperative having installed electric facilities necessary to serve the member, the Cooperative has the right to commence billing the monthly facility charge after thirty (30) days, even if the member has not yet requested a meter be set.
6. The Applicant hereby grants a security interest in the future patronage capital of the Applicant, as set forth in the Cooperative Bylaws.
7. The Cooperative shall at all times have the right to license, permit, or otherwise agree to the joint use and occupancy of the easement by any other person, association, or corporation for electrification, telephone or cable television purposes without the necessity of obtaining the Applicant’s consent.
8. Operation Round-Up® is a **voluntary** program which gives members of Adams-Columbia Electric Cooperative the opportunity to support local projects and charities with small change. Adams-Columbia will “round up” the electric bill of participating members to the next highest dollar amount. Example: If your light bill were \$41.20 or \$41.95, it would be rounded up to \$42.00, and the additional amount would go into a trust fund. (The average cost per member will be about \$6 per year.)
