### NEW LOOK FOR APP

SmartHub's mobile app will be getting a fresh, new look this month. SmartHub is even more user-friendly than ever. Now you will be able to see the usage graph for your account right on the home screen. The app is especially great for payments on the go, or to see your usage from anywhere. You can download it from the Play Store on your Android device or App Store on your Apple device.

October is co-op month and co-ops nation wide are celebrating what makes us different from other businesses. Our electric co-op was built by the community, belongs to the community, and continues to be led by the community— that's the cooperative difference, and that's why we're celebrating!
