

### **Notice to Members Regarding Property Owner Consent for Prepaid Electric Service**

By participating in Adams-Columbia Electric Cooperative's Prepaid Electric Service Program, the participating member acknowledges and agrees that their electric service will be subject to remote disconnection without prior notice when the member's Prepaid Program account balance reaches zero (\$0.00), and reconnection may take up to two (2) hours after payments have been posted to the member's Prepaid Program account. Participation in the Prepaid Program requires the consent of the property owner of the location where the participating member receives electric service. Consent does not create any responsibility for a property owner who is not the member enrolled in the Prepaid Program to pay any Prepaid Program balance.
