

GENERAL SERVICE TIME-OF-DAY

Our Time-Of-Day rate allows members to shift their energy consumption to different hours of the day to receive a specific cost per kilowatt-hour (kWh) during the three peak periods.

Hours of the day are broke up into peak periods; On-Peak, Mid-Peak, and Off-Peak. The time frames are adjusted by season, based on ACEC's cost of power. During each of these time frames, the price per kWh is different.

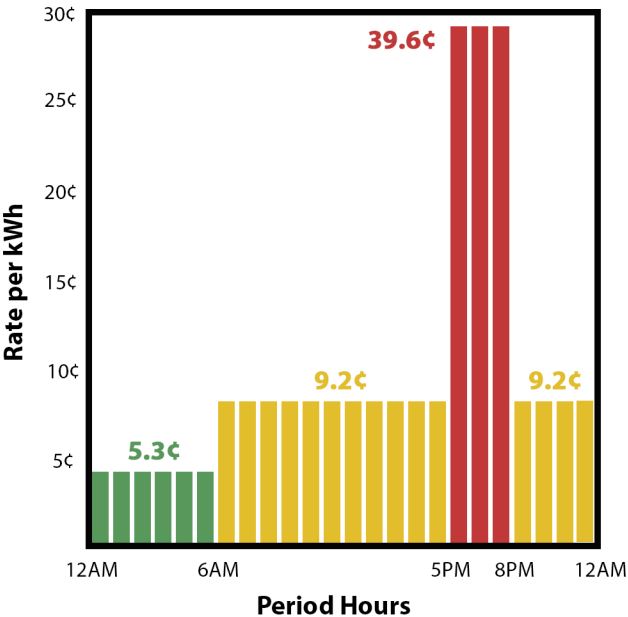

Facility Charge: \$1.25 per day. All On-Peak periods are in effect Monday - Friday, except holidays. Weekends and holidays are charged at Mid-Peak.

Holidays: New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day
